Statement of Intent

The Governing Body of **Berry Hill Primary & Nursery School** will meet their responsibilities under the Health and Safety at Work Act and other health and safety legislation to provide safe and healthy working conditions for employees, and ensure their work does not adversely affect the health and safety of others (including; pupils, visitors, contractors etc.). Details of how this will be achieved are given in this health and safety statement.

The Governing Body will ensure that effective consultation takes place with all employees on health and safety matters and that individuals are consulted before allocating particular health and safety functions to them.

Where necessary the Governing Body will seek specialist advice to determine the risks to health and safety in the school and the precautions required to deal with them.

The Governing Body will provide sufficient information and training in health and safety matters to all employees in respect to the risk of their health and safety.

The Governing Body requires the support of all staff to enable the maintenance of high standards of health and safety in the schools activities.

The school is committed to continually improving its health and safety performance.

This statement includes a description of the organisation of the school and its arrangements for dealing with different areas of risk. Details of how these areas of risk will be addressed are outlined in the arrangements section.

Hazard Identification and Control

Risk Assessment

Risk Assessment

Under the Management of Health and Safety at Work Regulations, it is a legal requirement to risk assess all significant risks, including; all activities and environments, to identify foreseeable risks and establish proportionate control measures.

It is the day-to-day responsibility of all staff to ensure all activities are robustly managed. The school is required to ensure suitable and effective risk assessments of activities are in place. All activities, such as After School clubs, sun protection, dealing with body fluids, and controlling contractors, must be individually risk assessed.

Other risk assessments may need to be considered in connection with activities e.g. manual handling. Where risk assessment findings identify significant hazards and specific control measures they must be recorded and incorporated into schemes of work. Any updates or changes to schemes of work will need to be effectively communicated to staff undertaking such activities.

Risk assessments will be reviewed regularly (minimum annually) to ensure compliance with legal requirements, industry best practice and curriculum guidelines.
